DETAILS I was standing in the left side of the stage next to the bar around the middle. We were about 40 rows of people back from the stage. We first heard a couple noises & started looking around. We started hearing gun shots & started running ~~towards~~ away from the noise. We ran to a building next to a private airport ~~see~~. I saw a bunch of people on the ground as I was running we ran to the building & sat on the roof for a long time. I did not see anyone, I just grabbed my friends hands, ducked, & started running.

Statement Regarding Incident: We were in the front of
concert venue, we heard a few pops. We
thought it was fireworks. Then I hit the

automatic machine gun. The sound
would NOT stop. People bloody and
laying everywhere. Music stopped.
People said STAY DOWN a young girl
was bloody laying on me. When shots
stopped a second a man yelled "Run"
we ran under a bar, shots started
again, bloody people every where.
I flagged down taxi with my

DETAILS I was to the extreme left side of the stage at the bar next to the suites. I heard what I thought was fireworks and then saw masses of people running towards the exits (downed fence). My friend and I started running. The gunshots kept coming and coming. As we ran, we were separated and four hours later, I'm still looking for her. I fell down due to the pushing of the crowd and people started stepping on me. I screamed and someone helped me up. I ran it seemed like 2 miles and finally ended up at Caesar's private airplane hanger. I think once I get back to Florida, I will have a real cry, but for now I have to hold myself together.

In the mess, I lost my sweater at the beach area. It was a white hand knit cardigan.

DETAILS At about 10:10 pm we heard several gunshots. ^(most) Some people around us including my group (sister, friend) dropped to the ground. One guy stood next to us with his hands/arms crossed in front of his chest, continuously kept yelling at us to stand up said it was only fireworks we were hearing (music was completely turned off at this point) after numerous shots fired people started jumping over from the (N) side of the stage running toward the (S) which is where we were standing. we got up ran toward malibu house ended up at dead end fence as we jumped the fence other people were knocking the fence over further down. As I jumped the fence I slit my hand open. In the middle of the street there was a lady parked in a black SUV I ran to her and asked if we can get in her car and if she can get us away from there, she allowed us and we picked up several people along the way she gave me a hand towel to stop the bleeding. → Back

DETAILS Around 10PM ^{Oct 1, 2017} I was standing with my sister and friend on the left side along the fence by the stage when we suddenly heard a whole bunch of gunshots that sounded like it was from a machine gun. We all got down to the floor and some guy was just standing up telling everyone to stand back up and that it was just fireworks so I stood up and noticed people pointing at someone who was injured. Then more gunshots went off and my friend pulled me back down and I heard a gunshot hit the fence. Before we all got up and started running to where we jumped the fence to get out of the festival and got in a car where the lady took us to where it was a dead end to get to the airport so we ran across the runway and hid in the airport until we were brought to Thomas Mack center.

DETAILS:

On 10/1/17 I begin my shift at 1pm at the route 91 Festival. I was part of a cleaning crew working for [REDACTED]. My shift ended at 9:00pm. I was accompanied by daughter who was also working at the event. We walked to the agency's trailer together to turn in our work shirts & cleaning supplies. At approximately 9:30pm we begin walking back to the festival. Given that it was the last day of the event, we decided to stay and listen to the music. We bought food at a venue and sat nearby to enjoy the concert. Shortly after I began to hear what sounded like fireworks. Soon people begin shouting they were gunshots and everyone begin to run. My daughter and I were near an exit and ran. It was difficult for me to run as I suffer from asthma. We did not stop running until we got to Tropicana Ave near Koval. That is when my daughter called my grandson & asked him to pick us up. I felt very weak after as I did not have my inhaler w/ me.

Team:

It is very sad to be starting our week off with the news of the terrible shooting our community experienced Sunday night.

Our M & M Team has been a very integral part of the success of the events held at the Village Lot and Sunday night was no exception. We are very proud of all of you who remained calm and professional in the whirlwind of this terrible tragedy. The actions many of you took unselfishly to help those who could not help themselves was nothing short of heroic.

There are certainly more questions than answers at this point in time and we will try and keep you informed as we learn more information. We are being told that all personal belongings that were left on-site are considered part of the investigation. These items will be released to the MGM when the FBI chooses to do so. We are hoping this could happen as early as Thursday. We will contact you regarding picking up your personal belongings as soon as we know more. We will also be assembling a crew to do the final cleanup of the lot as well. This could happen as early as Wednesday.

As a Las Vegas owned company, we are very proud of the city in which we live. And we're very proud of all of you and your commitment to our company and our amazing city. Please know we will do whatever we can to assist our community in recovering from this horrible tragedy.

On 10-01-17 - I was working on house keeping for Sin City portables. All day everything went fine. It was a beautiful day, not hot, not cold, nice music. Suddenly at around 10:01 I started hearing firecrackers, after more than 20 or more cracks I knew it was not fire crackers, I was a shooting! I did think that we were in a terrorist attack like we are always a target from terrorist's since 9-11. At the second round of shots I stayed quiet giving or telling people to head out through gate 4 since is the only one that came to my mind after. Once at two minutes then I decided that I needed to take cover in order to be able to go and look for my son which was working at the V.I.P area section "A". I took 3 or 4 of my coworker in the yellow container where we had our stuff and 3 American people. One was a driver man who was about to pass out we manage to keep him calm until my boss left came and told us how to get

Out of there meanwhile my son had
already called me telling me he was already
out near MGM.
Then it was time to me to get out of the
place. When I looked out through "Gate 4" I knew
I couldn't get out that way cause a lot of
people on the floor of the place hurt or wounded.

We headed out on "Gate 5" ran across Giles
Street and ran on Ali Baba, took a run to
Tropicana St so then I met with my son on
Tropicana near MGM.

After that we walked to Maryland PKwy
took a Uber and went home at 1 AM.
Which it was very frustrating for all of us
present at the event.

Very truly yours

Attended concert with my daughter. First time. We were watching the concert and I thought firecrackers went off. My daughter grabbed me and I started to run. I was trampled by many people who were trying to leave. I am in much pain, in my chest, and head. We ran and ran to a warehouse. Feel lucky to be alive. I ~~was~~ heard shots (rounds of shots) at least 10 times. Each time we laided down people ran over me.

On Sep 29, 2017 at approximately 6:53 pm I picked up 2 riders from Terminal 1 TNC Pickup (Idolher) location I was parked in ROW Post. The passengers were 1 Caucasian male black hair 5'9" 190 White T-shirt Grey cargo shorts & back pack Female was approximately 5'4" 120 lbs White T-shirt brown shorts and back pack brown hair. On the trip I started conversation asking where they were from the male did most of the talking and said they were from all over and that they were "military" asking me where I was from I said "Seattle" He mentioned he stayed in Puyallup for a while but mispronounced it. As the ride continued he mentioned Vegas wasn't prepared for a terrorist attack like Beirut and Paris. He also mentioned they were in town earlier (they made it sound recent) and said they were looking around where here last and said it would be easy for someone to come in and start shooting up the place.

I said that we are probably more prepared than you think. He said the police presence didn't seem that abundant and again I said there's more than you think.

We arrived at the MGM main entrance at approximately 19:12 on Sept 29, 2017. The female passenger got out quickly while "Tony" checked to make sure they got everything from my vehicle. As he was about to shut my door I said "Thanks for protecting our country" and he gave me a funny look and said that was almost as if he was confused by what I said.

Nos encontramos trabajando, cuando como a las 10 y 20 se parquean 3 patrullas, y bajan rapido con ametralladoras, se meten en carrera para el casino, llega nuestro supervisor y nos ordena que nadie pueda salir ni entrar en el edificio, como a las 10 minutos ordenan que se cierran las cortinas, despues miramos como evacuaban a los trabajadores del casino y nosotros nos preguntamos como nos resguardamos nosotros, suspendimos de trabajar y hicimos un solo grupo, pusimos carros grandes en una puerta corrediza para que nadie pasara y si se podia peor nos meteriamos debajo de una lamina o sea debajo de la mesa donde reciclamos. Como a la una y 10am salio un ciguibre y lo preguntamos y nos dijo que no sabiamos pero que no era seguro donde estabamos y seria mejor meternos donde estaban empleados del casino y fuimos ahi nos quedamos. Ora un descontrol no sabiamos que hacer decian de un coche bomba etc.

DETAILS On Sunday, October 1st I was working at the Route 91 Harvest Festival for a small company called [REDACTED]. I was on the East side of the venue near the porta-potties all night. And when the shooting started to happen it just sounded like fireworks while Jason Aldean was performing. I had been using the restrooms when the first shots rang out so I turned to look at the stage to see if there ~~was~~ was any smoke in the air from what I thought were fireworks. But I didn't see any smoke in the air and then more shots rang out and I had seen people get shot and frumpled running towards me because I was at one of the closest exits. I had ran into the loading dock of the Tropicana where I would run and follow a small group through a kitchen of a restaurant and out onto the roof access area where me and six other people hid behind air ducts until it was safe to come out, we stayed there for over two hours.

Our group was fairly close to the stage on the right side. We heard the first round of shots but thought it was fireworks. We all turned towards that direction and about 20 feet from us a female was completely covered in blood. You looked over & the shots were coming from madalena bay. everyone ducked. everyone was down for 5 mins or so and later there through 4-5 additional rounds of shots. once there was a break we ran forward towards the stage and hid under the main stage. ended up in the back by all the equip. bases just kept running away from the strip. ended up on a bus to this location and now were all waiting.

As we were watching the concert I began to hear the shots but I initially thought they were fireworks. A few moments later people started yelling to get down and we bent ~~down~~ down and began to run for cover. Bill ended up getting shot and we crawled to hide under a table. As we were under the table I smelled the gunfire and heard the bullets ricocheting off of the table. After about 15-20 mins ~~when~~ the gunfire stopped and people started to get up to run out and we followed out to the East exit.

On Friday and Saturday I noticed a flashing light near the "fold" of the Mandalay bay - to the right. I noticed it flashed on Sunday too.

DETAILS

On Oct. 1st I attended the rock 91 Concert and being that there was no exits other than having to hop over a fence and crawl under the stage. I sustained injuries from getting caught on the fences that people were trying to break down. Once I was over the fence I crawled under the stage and with all the equipment that was under there I had multiple bruises and scratches that turned into scarring. I missed over a week of work because of the soreness, anxiety and now am seeking therapy because I'm not able to sleep or eat since the incident.

Then more sounds of gunfire people panicing all ducking down on the ground. As soon as it stopped we got up off the ground and began running for an exit being directed by staff. It was complete panic. We ran as directed through the back gates then several people stated there was more gun fire in the direction we were headed. DETAILS

I was standing in the front row to the left of the stage while Jason Alden was performing. He had just started a new song when there was a sound of loud popping. We all seemed to think it was fireworks. Jason hesitated briefly, started up again & more loud bangs. Then he ran off the stage & that's when I realized we were under attack. We all hit the ground & as we got up someone near me yelled "She's been shot" I felt warm blood on my shirt & I realized it was the lady who had been standing next to me who was shot. They lifted her over the barrier wall to get help. More shots! we hit the ground again. This time I was trampled & pinned. A guy on top of me was pinning my leg to the ground. He just kept yelling stay down. I was finally able to break free & ran to the side when more shots rang off & hit the ground again. I was able to exit a gate & an officer directed me to go to Hooker's. It was total confusion. At this point, I thought the shots were coming from a helicopter not the Mandalay Bay.

A helicopter (which turned out to be a metro chopper) flew over & I panicked thinking we were going to get shot at. I should mention that when this all initially happened I sent a text to a friend of mine at 10:08pm saying omg they're shooting at us. I did this the first time I hit the ground taking cover. So in order to get to Hooters I had to jump a wall & a wrought iron fence. We ended up by some apartment building as we were running toward Hooters a bunch of people came running at us from that direction acting like there were active shooters there. We turned & ran into this apartment complex. At this point approx 10:17pm I called my son who's at college in Vermont. I wanted to tell him I love him & let him know I was OK but scared. I felt like we were sitting ducks in this apartment complex so a bunch of us finally left & ran back towards Hooters. We had to go around another wall (I was too tired to climb another one) We got into Hooters & were put on lockdown for the duration. We hid in the bathroom initially & then we all just layed down in the hallways waiting it out. During the night officers came through several times in full body armor with weapons drawn which was very scary. I finally found out at approx 5:30-6:00am we could leave. I had to walk to Top of Paradise to get a Lyft home since my 3 Uber's cancelled due to the streets being blocked off. I came to Southern Hills ER on Mon. 10/2 to get evaluated initially for possible shrapnel in my right leg. I was told there was none. I came back today Tues 10/3 to have a CT done on my

DETAILS I was attending the Route 91 concert. I was watching the last entertainer. I was located at the northeast corner of the stage. I heard what sounded like machine gun fire around 10:05pm then a pause. Then there were sounds again & some one said "She's been shot!". Then I realized someone was shooting so I hid behind the stage. After more shots were fired there was a pause and I ran out to the parking lot to the east of the stage. Then I heard more shots and I hid under the rear bumper of the nearest car. During another pause I tried to run farther away & I continued to run & hide until I reached the Motel 6 on Tropicana near Koval Lane. After waiting there, my husband picked me up and took me home. I have not been hospitalized and am not aware of sustaining physical injuries.

DETAILS My daughter, [REDACTED] & I were on the right side of the stage about 30-40ft back on the grass in the middle. ~~when~~ I heard a few pops & thought at first someone near me had stepped on beer cans. The sound seemed to come from our right. A few minutes later more pops. I wasn't sure it was real until a man 4-5 folks to my left yelled that had been shot. At that point, we started running to our left towards the airport. More shooting occurred & we all fell to the ground. As it paused - we ran again and went over the metal wall between the left & right side of stage. As we then ran towards the back, more shooting & we tried to take cover under the metal stand. I heard a bullet hit the metal above me. Another pause in shooting & we ran towards the airport running into one of the venue covered buildings. We then ran out the back over some trampled fencing & past a parking lot. I heard more shooting. We ran to the back side of a building. Someone broke a window into a hangar & told those of us on the side of the building to go inside. We were evacuated from there to another hangar & the UNLV

DETAILS

I was in the TOP right in the grass about 25 feet from the stage. Some people were walking past me when my mom and I heard the first gunshots which I thought it was people walking on beer cans and then I heard more and thought it was fireworks. And then the music stopped and I heard a guy behind me yelling "I've been shot," that's when I realized it was a shooting. Everybody dropped down and I was underneath some people. I lost my shoe and sock but grabbed my mom and we tried to run but there were so many people we couldn't. Once we started moving we hid underneath the camera bleachers and I could hear gunshots hitting the bleachers directly next to me and we ran more and we had to jump over two people bleeding to death. We jumped the fence and sprinted our way towards the airport. Other than my foot being bruised I went out without a scratch. We hid in a couple dark rooms until led to safety by police.

DETAILS I arrived @ Route 91 festival on Oct. 01 2017 around 7:30pm with a group of 17 friends. We were enjoying the concert @ main stage. I was in a motorized scooter so our group stayed to the back by the Red Budweiser trailer.

[REDACTED] Then Jason Aldean was taking stage. Into his 4th song maybe 10-12 lyrics I heard Pop, Pop, Pop etc. around 20-30. My friends yelled Run Run. I turned my scooter to leave everyone was running I couldn't keep up my friends were gone. Scooter tipped over I fell out by the House of Blue Tent bullets were hitting around me. I got up saw a young girl down next to me. I picked her up and tried to take cover behind the House of Blues tent. The black top was hitting my legs from the bullets hitting around us. I saw people around me falling down with injuries. We hid there for few seconds. the girl was crying I was trying to keep her calm. She called her dad. I tried to

count the seconds in between the rounds. To time when we could keep moving away. It sounded like 60-70 rounds till it stop. we didn't know where it was coming from if shooters were on the ground, how many, or from the air. I grab the girl with me and we ran to the next cover place I could see which was a set of blue trash dumpsters. People were leaving in cars. loading people that were hit. I wanted to get this lil girl out of here. Counted the rounds again. then spotted a car with an empty seat got us in. car took off but there was no place to go. we hit a dead end of airport. 100's of people were running that way. no way out. turned car around and it fence had been bent over by all the people. we drove thru to Reno Ave. behind Hooters. Police, Ambulance, Sirens was there with guns drawn. Got out the car with hands up ran behind Police. I still have the girl with me. She was from San Diego. her dad still on phone. we get to MGM Parking Garage @ Trop/Koval. hide behind a big bush everyone saying many shooters. I can afford to pick us up @ Rebel gas station. call my daughter that was in CA. tell her I'm alive so she would panic. when she heard what was going on she lost it. I tried to stay calm. My ride came. I took the girl and 2 others with me. ended up at my house. I haven't eaten since Sunday. not much sleep. haven't been back to work. I thought I was going to die that night!

DETAILS There was first a quiet popping like a firework, then after a pause it happened again. After the third time most people realized it wasn't fireworks and ducked down. We were near front of stage to the right of the railing where the stage extended out into the crowd. Once everyone was on the ground people were shouting out for medics as someone 10ft away had been shot. After multiple more shots and pauses we jumped the fence to the stage area and ran, in direction of airport where we finally found shelter in a hangar.

DETAILS I was standing near the water station and tri-level VIP area. I heard 1 "pop" and assumed someone brought in firecrackers. The sound was quickly followed by multiple shots from what sounded like an automatic rifle. I saw a mass of people running away from the strip to any exit. At that point I ran for a fence, jumped the fence and ran away from the venue and ended up in the airport in a hanger. We sheltered in place until transport brought us to Thomas and Mack.

DETAILS

In the middle of Jason Aldean performing, I heard a noise popping off which I thought was fireworks at first. Then everyone started kneeling down. The noise continued and the stage went black and the musicians left the stage. Then everyone started saying the noise was gunshots and everyone started to flee from the venue. My group and I followed people out at the left side of the venue. We just hurried as fast as we could out of there as we still heard the gunshots. We saw people all over that were injured with blood so we then knew it was gunshots. We made our way to an airplane hangar and stayed there for about 2 hours until we got bused away to a safer place.

DETAILS:

Fuimos a Caesar's Palace a Omnia porque iba tocar un amigo. Llegamos entre las 10:00pm a las 11pm. Catulamos el evento y estábamos platicando y luego escuchamos que estaban tirando balazos y todos empezaron a correr. Nosotros empezamos a correr hacia el casino. La gente se levanto de las sillas y se empezó a esconder debajo de las mesas de los dealers. Yo sentía mucho pánico. No podíamos entrar a los restaurantes. Nos metimos por una puerta y seguimos a un muchacho al cuarto de descanso de los empleados. Cada vez que oíamos algo sentíamos pánico. Todos corriendo como locos. Yo no me acuerdo cuanto tiempo duró allí. Todos estaban llorando y asustados. Nos llevaron otra vez al club Omnia. Al estar allí no nos dejaron hablar con nadie ni decir nuestro lugar por seguridad. No salimos hasta las tres. No puedo dormir. Siento que me están persiguiendo. Estoy con miedo. Tengo pánico. No quiero mandar a mi hijo a la escuela. Me asusto si gritan o corren. Estoy muy asustado. No me siento segura.

DETAILS I've been on my own moving around a lot. Before I came to Vegas I was working and living in Bialto. I quit my job and my cousin [REDACTED] asked me if I wanted to move to Vegas and work with her catering business ([REDACTED]) and I moved with the cynchness. "On they're, doing something special for the third day its probably fireworks" then we started seeing people run and scream and jump over the fences we started running back to the break room and the shots started to sound closer to where we were, we didn't know where they were coming from. so I started to run towards the food truck I was about to hid under there when [REDACTED] pulled me out and we started running to the exit in the back and we were running with co-workers we didn't even know as we were running it appeared as if the man next to me had been hurt on the back I was coughing wanting to throw up from being so scared and nervous. I had lost my sandals, glasses, and left my bag behind. we started running to [REDACTED] truck as I was jumping into the big truck I almost bumped but I got myself together enough to get in the car as we were in the car driving away we can still hear the shots, they were nonstop we got to this trailer park that the workers were staying at. I was scared and wanted to know if my cousins and friends were alive

So I started to call but they wouldn't answer me. My friend and her family were giving me rides to work everyday so I was worried for them when they finally answered my call telling me they were safe and told me to go to MGM. So I asked [REDACTED] if he can drop me off there because that's where I felt comfortable cause I didn't know those people I was with so we were on our way to MGM when as soon as I stepped out the car my friend called me screaming telling me to go back I can hear her running, crying, screaming that they were over there too that she had seen someone dead at MGM and everybody was running and one man told me to get back in my truck so I ran back to [REDACTED] truck called my friend and asked them where they were and if they were okay we told them to meet us behind some liquor store and we did and we dropped them home safely.

DETAILS Singer had just come onto stage about 4 songs in and I heard gun shots at first it sounded like fire works but then I seen people falling and blood everywhere. I tried looking to the direction of the gun shots and I could see muzzle flashes coming from the direction of the delano/ Mandalay bay. I started running the opposite way with bullets flying by my body. I got to the parking of the event and I started hearing gun shots from the parking of the event as well very close but I couldn't see who it was. I then proceeded to run to the Thomas & Mack.

DETAILS I started hearing what sounded like fire crackers. After hearing a few of them, I saw people ducking down, and others running. I was in a group of 4, so we started running, and ran to safety. We got seperated, so my friend and I stayed together, and ran toward another group of people, so we stayed together. We eventually hit a dead end zone, but we managed to get into what looked like an airport base. DETAILS:

On Sunday, October 1, 2017 at approximately 10:05 PM I was at the Route 91 Harvest Festival with my Fiance [REDACTED]. We were located center stage near the center bar area which was approximately 40 yards from the main stage. Within approximately 15-30 seconds of Jason Aldeans second or third song played there was a repeated continued sound in the distance which sounded like fireworks cracking from a far. The crowd seemed hesitant but there was not any panic within the area I was located. Jason Aldean continued to play his song for about 30 seconds when all of a sudden he left the stage to the far right as I was facing the stage. The apparent firework sounds stopped and the all the lights at and around the stage went dark making visibility difficult. There were no "firework" sounds at this time when the lights were out. At this point the crowd near me were hesitant and appeared confused to why the performance ceased and the lights went out. Within 30 seconds of the lights going out there large bright lights above the stage which came on and faced the crowd. It was my opinion these came on as a sign the show was over and for people to find the exits. Within 15-30 seconds of the bright lights coming on the "firework" sound came back louder and in a heavier continued fashion. At this point the crowd was aware this was not fireworks and many people took cover to the ground while others ran to the exit areas all around the venue. At this point I was in a kneeling position while everyone around me was down on their stomachs on the ground. I was surveying the crowd and trying to assess where the sound was coming from so I can determine how to proceed. I told the people around me to listen for single shot gunfire as that will more than likely be Police officers engaging with whomever was shooting. There was no return single shot gunfire and the bullets were getting closer to my location. It sounded as if someone was inside the venue and was on the other side of the bar area we were at and shooting.

The gunfire was getting closer to us at the center bar area as I could hear bottles breaking and sounds of metal pinging debris from the bar. It was in my opinion a person was inside the venue with a gun and walking from the West side of the venue to the right and getting closer to the center area I was located. At no time did I feel the gunfire was coming from any other area besides inside the venue. As the bullets were getting closer and continuing non-stop which seemed to be like 2-3 minutes at this point I told my Fiance and her family we have to get out of here. The people surrounding my area said we need to stay put and play dead. I told my Fiance and her family this is not the movies and we can not lay here in the hopes someone is not going to come by and shoot us one by one. At his time I grabbed my Fiance arm and said when I say run you follow me and dont let go. I thought her family would also follow us. When I no longer felt the bullets were coming directly at us I said lets go and ran for the East side fence behind the food vendors area. My Fiance [redacted] fell a couple times and I had to stop to pick her up and make sure she could keep running. It was at this time while picking up [redacted] that I noticed her family was not behind us. I had to keep running and get [redacted] out of this situation. She was having difficulties breathing and was in a panic. I ran pulling her arm with me toward the East Fence line. I noticed a guy struggling to push a Refrigerator/Freezer against the East fence in order to use as a step stool to get over the fence. I told the gentleman to let me get it and I was able to flip it over and slide it against the fence line. At that point the gentleman jumped on top and went over the fence. I helped my Fiance onto the Freezer and tossed her over the fence so she would not get caught in the top exposed pieces. She landed on a gentleman with her back who broke her fall and kept her from having a more serious fall had she hit the pavement directly with her back first. I helped a few other women over the fence by lifting them up by their waste to get over. I then pulled myself over the fence and noticed I was in a side road unfamiliar to me but was near large parking lots. [redacted] and I ran through the parking lots and on the West Side of the Hooters Hotel and Casino. I told [redacted] lets go inside Hooters as we will be safer indoors. When we headed in the front entrance of Hooters I noticed a large amount of people vacating the entry of Hooters as if they were evacuating the building. At the time I ran with my Fiance to Tropicana in front of Hooters with the intent of stopping a cab for a ride. I stood in the road until a White pickup truck stopped in front of me to avoid hitting me. I went to the Driver side window and told the Driver what was going on at the Festival and asked him to bring us down the road a few miles to safety in which he said yes. There were approximately 6 people inside the truck and about 15 people who jumped into the bed of the truck also looking for help. At this point the Driver took us to Maryland and Tropicana and I said he can drop us off here as this was plenty far. Once we go to the parking lot we went inside Del Taco which was on the corner so [redacted] could use the bathroom and try to pull herself together. I was making every attempt to get ahold of [redacted] aunt, uncle and cousin to see they were safe. The cell service was terrible and it took approximately 10 minutes before I ended up making contact with [redacted] to ensure they were safe. [redacted] took a ride to our location on the corner of Maryland and Tropicana the same way I did with someone else giving him a ride. Once they arrived we were picked up by [redacted] uncle [redacted] who lives in Summerlin and heard about the shooting event on Twitter. We ended up making it back home at about 1:30 am

DETAILS:

On 10/1/2017 I was working at the Flare 91 Festival. I was on lunch break when we heard the shots. I thought it was fireworks. I didn't realize it was shots until my mom notified us over the radio. I entered a trailer in order to protect myself. I was scared because I thought people were shooting from within the event. Someone opened the trailer and I was able to get out. I was able to get into another trailer. I exited that trailer when I heard someone say the shots were coming from the Mandalay Bay. I was able to help another woman get out. But once I got out, I couldn't go back to help anyone else. I walked to the Horseshoe Casino where my mom was able to pick me up.

DETAILS:

Yo estuve trabajando ese domingo del día de la balacera a los 10:30 iba caminando para donde estaba toda la multitud, y escuche los primeros disparos pero no pensé que eran balazos. Si no fue los o las bocinas pare por un momento, pero nadie reaccionó que algo estaba pasando. Seguí caminando entonces al término de cantar y no se escuchó nada cuando empieza a cantar otra vez se escucharon otra vez entonces pensé que eran balazos y toda la gente empezó a correr y yo corrí también busqué la salida y toda la gente, corrimos de un lado a otro sin saber para donde porque no sabíamos por donde estaba disparando, solo pensaba que nos iban correteando, corría entre la calle y afuera casi nos atropellaron los carros y hasta ahora no sé cómo llegué al MGM en el MGM.

DETAILS:

I took my break at 9:50pm. I was walking back towards the crowd. I heard a couple gunshots and the song ended. Then the song started and the guns started shot again. People didn't react. We didn't react then we ran. I panicked because I knew my co-workers were still there. I saw two co-workers and we ran towards the street. We tried to make the cars stop so we could run but they were trying to escape too. Everyone was running in every direction. I was just running and ended at a building but I don't know which one it was. I called my daughter but she didn't answer. I called my son and told him I was running to safety. I was panicking and he told me to calm down. That he would come get me. I told him no. I said I am just calling to tell you what is going on. It's too dangerous for you to come. I ended up at the Mandalay but I don't even remember how I crossed the street. Everyone was running inside the casino. I got

to a bar, but didn't feel safe. I ran and saw a young man fall to the ground. People stepped on him and he bled there motionless. I walked next to him and kept looking for safety. I tried to hide in another bar, but I thought someone was still following because people were still running, so I kept running and got into the elevator. I got off on the 5th floor. I ran into 5 people and they asked what was happening. They had heard the gunshots. I had an coughing attack. I couldn't stop. My co-workers finally called to say that they were trying to run for cover. They told me to do the same. Some people got off the elevator and said to get into air rooms. We knocked doors until a lady getting off the elevator asked what was happening and eventually let us in. I stayed in her room until 2:42 am when a coworker said I could come down stairs and head over to Tropicana. The streets were empty, cops were everywhere. A couple picked us up. They were volunteers and took us home.

Now, my back is in pain. My legs ache. I have high blood pressure, which is why I think I couldn't breathe when I was running. Since that day my chest hurts and I can't feel my left arm. It feels numb. It also wakes me up in the middle of the night with pain. I can't handle any noise. I get startled with any little sound. The restrooms flushing scare me. I don't want my kids to see me like this. It's really hard to talk about all of this.

I feel like there are many things I'm missing, but I find it really hard to concentrate. I can't imagine if things would have been different.

DETAILS I was enjoying the concert when me and my friends started to hear fireworks. We then realize it was gun shots. We dropped to the ground and tried to hide under the bleachers. I was pushed and shoved, knocked down. Scrapes and bruises all over my legs and thigh. We finally made a run for it.
